A festive Christmas table setting. In the foreground, a table is set with two place settings, each featuring a red bowl on a red plate. A central centerpiece includes a ceramic elf figurine on a stand and a gift-shaped container with a gold bow. Several lit red candles in various holders provide warm lighting. The background is decorated with a large branch of red berries and a window with a dark frame.

The background is a light purple gradient with a collage of various Christmas decorations. There are several large stars: a red wireframe star in the top right, a red star with gold filigree in the center, a gold star with multi-colored glitter in the middle, a red star with gold and silver glitter in the bottom left, and a silver wireframe star in the bottom right. There are also two large silver snowflakes, one in the top left and one in the bottom right. Smaller stars and snowflakes are scattered throughout the background.
