

Pioneers in new technology!

Light your world up with

EUROLAMP®

Company profile

EUROLAMP SA is a Greek company, constantly evolving and developing, to meet the latest technologies and modern trade requirements.

The company trades in general lighting products (for domestic and commercial use), electrical equipment, Christmas lights and decor, domestic electrical appliances, air conditioners, photovoltaics and electromobility products (electrical scooters and bicycles, charging stations). Our products are environmentally friendly and in compliance with European and international regulatory requirement and law. Eurolamp, counting 24 years of experience, builds long-term co-operations with its clients, based on trust and has established a strong sales network both in Greece and abroad.

Our values

Showing respect to the client,
with consistency and trustworthiness

Respect to the client, consistency, and trustworthiness are the three pillars that have granted us as one of the most established companies in the import and trading sector in the last 24 years.

All our activities are governed by:

- Personal and corporate ethics
- Creation of strong relations with our cooperates
- Innovation and constant development
- High quality products and services
- Dedication to our purpose

You're only as good as your values

24 years

12.000 products

162 people

2.700 partner stores

Our purpose

By being pioneers in our sector, we run the developments

Looking at the future, with optimism and faith in our strengths, we create the appropriate conditions to serve our clients – cooperates and end consumers, by closely following the developments in our areas of responsibility.

Our purpose is to offer technology products which serve and solve both domestic and commercial needs with special emphasis on innovation.

At the same time, we keep upgrading our existing products and services, staying dedicated to our purpose, with a high sense of responsibility and a feeling of contribution to our cooperates.

2024, an investment to the future

A total investment of 10 million euros is completed in 2024 in EUROLAMP's continuous development plan. All the company's activities are gathered together in a brand new and multifunctional space supporting the transition of the company to a major player in the European commercial scene.
