“Quality
stays
on your mind
long after
the price
is forgotten”

THE COMPANY

EUROLAMP SA Company was established in 2000 in Thessaloniki from partners with long time activities in the sector of Lighting Applications and a broader sector in Electricity. Even if it is a newly established company, from its first steps, is noting positive elements.

Targeted choices, correct commercial policy, high tech skills and strict quality standards – in both products and services, are some of the elements that render it as one of the Greek leading companies of the sector.

Changing decade and with starting point its Main Premises in Diavata area of Thessaloniki, has already developed a complete distribution network with coverage in all Greece and simultaneously organizes its commercial exit to Balkan and European countries.

Nowadays, as a Leader in Lighting Technology sector, in Electrical Equipment but also in Christmas Decoration Items, activates through the whole of Greek territory and to many Balkan and European Union countries, devoted to its convictions, focused to its targets and always in “developmental pathway”.

THE ACTIVITIES

DESIGN, DEVELOPMENT, MANUFACTURING AND INDUSTRIAL PRODUCTION:

Of LED Technology Bulbs, supported by a vertical production unit in China, manager of 400 manufacturing codes and composed of 120 employees.

IMPORTS AND TRADE:

Of Bulbs and Electrical Equipment, consumables and secondary accessories that are related to them, and also Christmas Decoration Items and Domestic Electrical appliances.

Management of 4.000 codes, which, plus of 80 employees (+20% plus in high seasons) in home, is supported by 12 employees in our Commercial Department that is established in China.

COMMERCIAL REPRESENTATION:

Of Inland and Abroad companies, with products of all the above sectors.

EXPORTS:

Self-constructive products, as well as representation products.

FUNCTIONING OF EXISTING AND DEVELOPING NEW TRADE REPRESENTATIONS:

After these already operating in Greece, Cyprus, Belgium, Kosovo, Croatia, Sweden, Finland, Albania, Czech Republic and Skopje, EUROLAMP is planning the expansion of its Commercial Network to the broader Balkan and European area.

“Big Ideas
need a big
name”
